BRAND STATEMENT

A Smarter Kind of Simple

We get it. You've got a world you want to protect. Moments you cherish. People you love. A place you call home. Things you treasure. Each more valuable than the next.

Kwikset makes it simple, and smart, with security solutions and advanced lock technologies that provide the peace-of-mind to protect it all with simple, easy to install, easy to use systems. Because we're here to help you protect your world, not complicate it.

MICROBAN®

ANTIMICROBIAL TECHNOLOGY

99.9% Cleaner

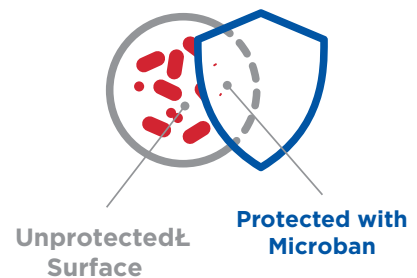

Kwikset® and Microban®, the global leader in built-in antimicrobial protection, have teamed up to improve the standard for door hardware. Kwikset® will now offer antimicrobial protection on select products, inhibiting the growth of bacteria on frequently touched door hardware in your home.

Benefits of Kwikset® Door Hardware with Microban® Technology

Bacteria can double every 20 minutes on unprotected surfaces, but Kwikset Door Hardware with Microban protection works to continuously fight off microbes.

- Door hardware is 99.9% cleaner than knobs without Microban.
- The antimicrobial coating lasts for the lifetime of the hardware finish, so you can worry less and feel more secure in your home.
- 24/7 Antimicrobial product protection.
- Kwikset with Microban protection resists the growth of a broad spectrum of bacteria.

99.9% Cleaner Than Unprotected Surface

SMARTKEY SECURITY™

Superior Security

Kwikset's patented SmartKey Security™ protects against advanced break-in techniques.

Security Made Convenient

SmartKey Security™ allows you to re-key your lock yourself in seconds.

PICK
RESISTANT

BUMP
PROOF

Reasons to re-key

Loaned or unreturned keys

Your child has lost their key, again

Recently moved, tenant turnover

You have a different key for each door

How to Re-Key:

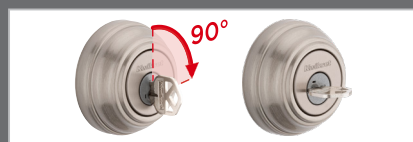

Make sure you have your current key and SmartKey tool

 Current Key

 SmartKey Tool

 New Key

1 Insert current key & rotate 90° CW.

2 (A) Fully insert the SmartKey tool.
(B) Remove tool & current key.

3 (A) Fully insert new key & rotate 180°.
(B) Rotate back to the starting position, & remove key. Your lock is now re-keyed!

HALO™

WI-FI ENABLED SMART LOCKS

Halo™ smart locks will connect directly to your existing Wi-Fi router and smartphone to create a simple and secure smart home, without a third-party hub, panel or subscription service. Through the Kwikset app, remotely monitor and control your Halo smart locks from anywhere in the world, while connected to the Internet.

All you need is a Wi-Fi router + smart phone + this smart lock. It's a simple way to get smart lock security and a smart home, using what you already have.

Works with the
Kwikset App

Keyless Entry

Kwikset's electronic door locks offer users the convenience of keyless entry, virtually eliminating the need for keys. All of our electronic locks are easy to install and program, while complementing any Kwikset knob, lever or handleset.

A key-free lifestyle means no more fumbling for keys, losing keys or lockouts. With customizable user codes, homeowners can enter their home with just a simple push of a few buttons. Homeowners also gain more control over who has access to their home. Best of all, Kwikset electronic locks can store multiple user codes.

Finishes

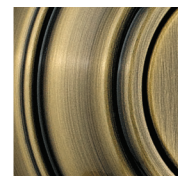

Our philosophy is that a finish can make all the difference. From Polished Brass to Iron Black, the finish you choose makes a statement. It can, quite literally, finish off a room, giving it style and polish. We offer a full spectrum of finishes and textures.
